9. R	EQUIRED PLANS	a suffer soul v
9.1	A detailed sketch in metric has been attached with the required information as noted in Section 9.2.	<b>⊠</b> Yes □ No
	All required site plan drawings, elevations, cross-sections, grading, drainage, etc. along with the required information as noted in Section 9.3.	□Yes 🔀 No

#### 9.2 Sketch Requirements

For minor variance, a detailed sketch is required. The sketch must include:

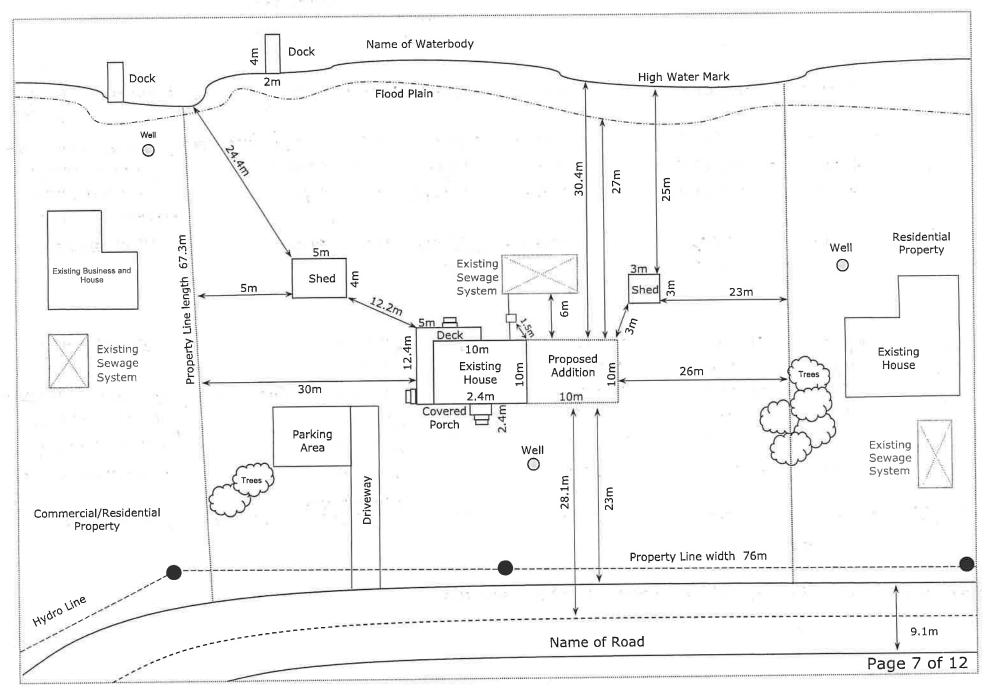

- (a) The boundaries and dimensions of the subject land.
- (b) The location, size and type of all existing and proposed buildings and structures on the subject land, indicating their distance from the front lot line, rear lot line and side lot line.
- (c) The approximate location of all natural and artificial features (for example, buildings, railways, roads, watercourses, flood plains drainage, banks of rivers or streams, wetlands, wooded areas, wells and septic tanks) that:
  - (i) Are located on the subject land and on land that is adjacent to it, and
  - (ii) In the applicant's opinion, may affect the application.
- (d) The current uses of land that is adjacent to the subject land.
- (e) The location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public travelled road, a private road or a right of way.
- (f) If access to the subject land will be by water only, the location of the parking and docking facilities to be used; and
- (g) The location and nature of any easement affecting the subject land.

## 9.3 Site Plan Requirements

In addition to Section 9.2, for site plan applications, drawings showing plan, elevation and cross-section views for each building to be erected, except a building to be used for residential purposes containing fewer than 25 dwelling units which drawings are sufficient to display,

- (a) The massing and conceptual design of the proposed building;
- (b) The relationship of the proposed building to adjacent buildings, streets and exterior areas to which members of the public have access;
- (c) The provision of interior walkways, stairs, elevators and escalators to which members of the public have access from streets, open spaces and interior walkways in adjacent buildings;
- (d) Matters relating to exterior design, including without limitation the character, scale, appearance and design features of buildings, and their sustainable design, but only to the extent that it is a matter of exterior design
- (d.1) Matters relating to exterior access to each building that will contain affordable housing units or to any part of such building, but only to the extent that it is a matter of exterior design;
- (e) the sustainable design elements on any adjoining highway under a municipality's jurisdiction, including without limitation trees, shrubs, hedges, plantings or other ground cover, permeable paving materials, street furniture, curb ramps, waste and recycling containers and bicycle parking facilities; and
- (f) facilities designed to have regard for accessibility for persons with disabilities.

9.3 SAMPLE SKETCH - Measurements, setbacks for all structures must be transcribed onto Sections 10 and 11.

13.	AUTHORIZATIONS	& REKMISSION I	J EN I E

All Registered Owner(s) must complete the following to authorize the applicant/agent to make the application on their behalf (if Owner is NOT the applicant) and/or to permit Council, Committees of Council, Township Staff or authorized agents to enter the subject property to conduct site inspections related to this application. If multiple owners, an authorization letter from each owner is required.							
I/We SHELLEY BACON							
(name(s) of owner(s) or company)							
being the registered owner(s) of the subject property of this application:							
☐ Hereby authorize the following person(s) to act as our agent to prepare, submit the application and pay any associated fees on my/our behalf (if applicable):							
(Name of Applicant(s)/Authorized Agent(s)							
Hereby authorize Council, Committees of Council, and Township Staff or authorized agents to enter the subject property without notice to conduct site inspections related to this application.							
Agree to ensure that any driveway/lanes are accessible during the circulation period of the application so that Committee members, Township staff and other agencies do not have any barriers blocking access to the subject land. Island properties will require a boat ride, which is to be provided by the owner/agent. If applicable, Township Staff will make arrangements for the most suitable date and time.							
Agree to post any required signage on site, which is prepared by Township Staff, with respect to this application in the requested timeframe of the Planning Act and upon notification by Township Staff. I/We also agree to provide photographic evidence of the posted sign at the request of Township Staff.							
Agree to stake the area of any proposed construction a minimum of 1 week prior to the hearing/meeting date of your application.							
Have included the written approval of all surveyors, designers, etc. that designed any documents, plot plans etc. to allow the Township to use their plan(s) in the notice or hearing and other documents which are viewable by the public.							
Hereby acknowledge and provide my consent, in accordance with the provisions of the Municipal Freedom of Information and Protection of Privacy Act, that the information on this application and any supporting documentation provided by myself, my agents, consultants and solicitors, will be part of the public record and will also be available to the general public.
